## **Independent Study**

I,, am interested in pursuing independent study in one of the subject areas offered here at Boyertown Area Senior High School. I realize that I must submit a curriculum from a teacher in that subject area for my independent study that includes the state standards & objectives for the course that I am looking to pursue. This MUST be submitted along with this request for independent study. My prerequisite form must also include a meeting period & time in order for my application to be considered.			
I,, understand that at the completion of an independent study course, I will be required to submit a portfolio with the following requirements as established by my cooperating teacher and myself:			
Index – Identifying the sections of the Portfolio Syllabus – Goals/Objectives of the Independent Study Program Weekly Journal/Weekly Self Evaluation Two Reflective pieces of an article from your independent study content (1-2 pages) Completed & Graded Assignments/Tests/Quizzes/Projects w/ rubric Pictures, Videos, or Recordings of any projects or activities completed during your independent study Major Project w/ rubric / Research Paper – Annotated Bibliography (3-5 pages) Final Reflection writing – "What have you gained from your independent study course?" (2-3 pages)  The grades for the independent study will be earned on a quarterly basis with a final grade being submitted by the supervising instructor at the end of the semester. If the independent study is a year long course then the supervising instructor will enter the grades quarterly and the final grade at the end of year.
